What is Trust II?

Trust II is a Self-Settled Trust. This means that funds for Trust II sub-accounts may be from the Beneficiary's own checking or savings account, inheritances left to the Beneficiary directly, lawsuit settlements involving the Beneficiary, child-support payments for the Beneficiary's needs, Supplemental Security Income back payments, other funds belonging to the Beneficiary or any combination of the above.

Trust II is a supplemental trust. Trust II ONLY allows disbursements to be made for supplemental needs, not basic support payments. Basic support payments (food and housing) cannot be paid for with funds from the Beneficiary's sub-account *even if* the Beneficiary no longer needs to qualify for means-tested public benefits.

What is the Master Pooled Trust?

The Master Pooled Trust is a program managed by The Arc of Texas consisting of four special needs master trusts. These four trusts are already drafted and meet the Social Security Administration and Texas Medicaid's requirements for a special needs trust. Any resident of the state of Texas who meets Social Security Administration's definition of an individual with a disability is eligible to join the MPT. Once enrolled in the MPT, this individual is known as the Beneficiary. **Remember: Trusts I, II, III and IV all protect means-tested public benefits, such as SSI and Medicaid.**

The money in each sub-account is pooled (combined) for purposes of investment. Beneficiaries only have access to their own sub-account funds (including pro-rata earnings). After the sub-account is funded, a four-digit sub-account number and tax ID number will be assigned.

Third Party Trusts		Self-Settled Trusts	
Trust I and Trust III are "Third Party Trusts" meaning the person putting money into the Trust is a <u>different person</u> than the individual with a disability.		Trust II and Trust IV are "Self-Settled Trusts" meaning the person putting money into the Trust is the <u>same person</u> as the individual with a disability.	
Trust I	Trust III	Trust II	Trust IV

May be established for a Beneficiary of any age without penalty to that Beneficiary's SSI or Medicaid.		Established for Beneficiaries under age 65. <i>If the Beneficiary is OVER age 65, a transfer of assets determination must be made by the Beneficiary's attorney because a penalty may be assessed by Texas Medicaid.</i>

All four (4) questions MUST BE ANSWERED. Write Yes or No (or applying/re-applying) for every benefit question. Write amounts if applicable.

Source of Beneficiary’s Funds - describe source:

The funding for a Trust II sub-account may come from the Beneficiary’s own checking or savings account, inheritances left to the Beneficiary directly, lawsuit settlements involving the Beneficiary, child-support payments for the Beneficiary’s needs, Supplemental Security Income back payments, other funds belonging to the Beneficiary or any combination of the above.

Section K.1.

1. Source of Beneficiary’s Funds – describe source:

THIS INFORMATION IS REQUIRED

ONLY the BENEFICIARY’S FUNDS can be placed in a Trust II sub-account.

Understanding the Distribution of the Remainder upon death of Beneficiary:

The Grantor must decide how any remaining funds in the sub-account will be distributed upon the Beneficiary’s death. The Grantor’s answer to this question on the Joinder Agreement II cannot be changed once the Trust II sub-account is funded.

Remaining funds will be distributed in this order: the Trust’s Remainder Share, followed by the State Reimbursement Claim(s) and if any funds remain, the Final Remainder Beneficiaries.

If the Beneficiary ever received Medicaid during their lifetime, the state(s) may be reimbursed up to the amount remaining in the sub-account after the Beneficiary’s death- potentially leaving no funds for Final Remainder Beneficiaries. Some Grantors choose to leave a percentage to the Trust’s Remainder Share to be used for other individuals with disabilities in lieu of reimbursing the state(s).

Understanding the Distribution of the Remainder upon death of Beneficiary (continued):

Section K.2.

If funds remain in the sub-account upon the Beneficiary's death, those remaining funds may be distributed to up to three categories explained below.

(1) The Trust's Remainder Share

The Trust's Remainder Share (section K.2.a.) is a separate sub-account within the MPT used for individuals with disabilities at the discretion of the MPT as defined in Trust II.

(2) State Reimbursement Claims

All states where the Beneficiary received Medicaid services, if any, must be notified by MPT of the Beneficiary's passing. The state(s) then send a report(s) to MPT showing all Medicaid payments made on the Beneficiary's behalf. The total amount shown in the report(s) is the amount due to the state(s). Only up to the amount remaining in the deceased Beneficiary's sub-account is required to be paid to the state(s). Payment is not required for any outstanding amounts. By law, all Self-Settled Trusts must have this requirement to qualify as a special needs trust. This requirement is called the State Reimbursement Claim(s), also known as the "Medicaid Payback provision."

(3) Final Remainder Beneficiaries

The Final Remainder Beneficiaries (section (K.2.b.(i)-(iii))) are the people or organizations chosen by the Grantor to receive any remaining funds from the deceased Beneficiary's Trust II sub-account.

Completing the Trust's Remainder Share (section K.2.a.)

Keeping the State Reimbursement Claim in mind, the Grantor can decide how much to leave to the Trust's Remainder Share, if any. Grantors can leave 0%, 100% or any percentage between 1% and 99% to the Trust's Remainder Share. If 100% is left to the Trust's Remainder Share, then all funds will be retained by the Trust and no State Reimbursement Claim(s) will be paid, or distributed (paid) to Final Remainder Beneficiaries. In Example A, the Grantor left 20% to the Trust's Remainder Share and in Example B, the Grantor left 100% to the Trust's Remainder Share.

Completing the Final Remainder Beneficiaries (section K.2.b.(i)-(iii))

If the Grantor decides to leave less than 100% to the Trust's Remainder Share, the Grantor must complete the Final Remainder Beneficiaries section. The Grantor must write in the Final Remainder Beneficiaries section (K.2.b.(i)-(iii)): the names, addresses, telephone numbers and chosen percentage of funds to be distributed to each person or organization. The chosen percentage of funds for all Final Remainder Beneficiaries (K.2.b.(i)-(iii)) totaled together must equal 100%, not counting the Trust's Remainder Share (Example A).

If the Grantor leaves 100% to the Trust's Remainder Share, the Grantor must write "None" in (K.2.b.(i)) and "0%" in Percentage of Final Remainder and "0%" in Total of Percentages (Example B).

If the Grantor wishes to list more than three Final Remainder Beneficiaries or any Contingent Beneficiaries, include this information on a separate page titled "Schedule C" and write "see Schedule C" at (K.2.b.(i)).

**CHECKLIST FOR SELF-FUNDED SUB-ACCOUNTS
MASTER POOLED TRUST**

It is not The Arc's intention to provide legal advice. Attorneys working with families should be experienced in trust and government benefits issues. The Arc urges attorneys who are not experienced in these areas for persons with disabilities to direct families on to attorneys who have such experience.
Please submit this checklist with the joinder agreement.

- The beneficiary of the trust meets the definition of having a disability according to the Social Security definition. (check appropriate options.) The beneficiary is currently eligible for SSI _____, SSDI Medicaid _____ or the beneficiary has obtained a disability determination by TDHS _____ or for recipients with long term care Medicaid over the age of 65 _____.
- My client has been advised of the tax consequences of trust sub-account profit.
- This is a discretionary trust; However, I have advised my client that the Master Pooled Trust cannot disburse funds for basic needs (shelter, including rent, mortgage, deposits & basic utility bills, property taxes; and food) but is a supplemental trust. The funds are budgeted for supplemental items which are appropriate to the sub-account beneficiaries needs. The trust account can approve a disbursement for a pre-paid burial plan but cannot approve disbursements after the beneficiary's death for a funeral.
- I have advised my client that federal law requires that all unspent amounts in the Beneficiary's sub-account at the Beneficiary's death must be used to reimburse the State for medical services received, unless the Donor chooses to leave a percentage of the funds for other beneficiaries of the Trust.
- There are no Texas Dept. of Aging & Disability Services Medicaid liens against the funds. (contact #: 512/490-4680)
- There are no Texas Medicaid & Healthcare Partnership liens or claims against the funds. (contact # 512/506-7546)
- There are no other liens or claims against the trust sub-account funds.
- I have advised my client that certain trusts may be subject to claims for some or all mental health and mental retardation services; however, there are statutes governing trust exemptions. These are Texas Health & Safety Code §534.0175 for community centers, TH&SC §552.018 for state operated MH facilities, and TH&SC §593.081 for state operated MR facilities. If the individual beneficiary is receiving Medicaid, then the individual's sub-account is not subject to charges for Medicaid-covered services.
- I have advised my client that, under 42 U.S.C. §1396(p)(c), certain transfers of assets for less than fair market value (including but not limited to the purchase of an annuity that will not pay back to the purchaser the amount paid for it) can result in a period of ineligibility for certain types of Medicaid, including long-term care Medicaid, home or community-based waiver services, home health care services, home and community care for functionally disabled elderly individuals, and personal care services; and I have further advised my client that the act of joining The Arc of Texas Master Pooled Trust is not considered such a transfer of assets for less than fair market value, but I have also advised my client that if such a transfer of assets for less than fair market value has occurred, as would be penalized under 42 U.S.C. §1396(p)(c), joining The Arc of Texas Master Pooled Trust will not avoid or mitigate the penalty period.

Checklist for Self-Funded Sub-Accounts:

The Master Pooled Trust strongly recommends that the Grantor consult with an attorney who is familiar with pooled trust and government benefits issues when completing the Joinder Agreement II.

The Grantor must read each statement on the checklist and place a check mark on each line. Then the Grantor must acknowledge his or her review by signing on the bottom right of the checklist.

If the Grantor establishes the Master Pooled Trust sub-account through an attorney, the attorney must sign on the bottom left of the checklist. If the Grantor chooses to establish the Master Pooled Trust sub-account WITHOUT an attorney, the Grantor must write "waive" on the bottom left of the checklist.

If there are funds remaining in the Beneficiary's sub-account after the Trust's remainder share has been satisfied and the State claims have been satisfied, such amounts are available to be distributed to other beneficiaries of the Grantor's choosing ("Final Remainder Beneficiaries"). The Grantor is required to designate Final Remainder Beneficiaries.

CHECKLIST FOR SELF-FUNDED SUB-ACCOUNTS MASTER POOLED TRUST

It is not The Arc's intention to provide legal advice. Attorneys working with families should be experienced in trust and government benefits issues. The Arc urges attorneys who are not experienced in these areas for persons with disabilities to direct families on to attorneys who have such experience.

Please submit this checklist with the joinder agreement.

_____ The beneficiary of the trust meets the definition of having a disability according the Social Security definition. *(check appropriate options.)* The beneficiary is currently eligible for SSI ___ SSDI ___ Medicaid ___ or the beneficiary has obtained a disability determination by TDHS ___ or for recipients with long term care Medicaid over the age of 65 ___.

_____ My client has been advised of the tax consequences of trust sub-account profit.

_____ I have advised my client that the Master Pooled Trust cannot disburse funds for basic needs (shelter, including rent, mortgage, deposits & basic utility bills; and food) but is a supplemental trust. The funds are budgeted for supplemental items which are appropriate to the sub-account beneficiaries needs. The trust account can approve a disbursement for a pre-paid burial plan but cannot approve disbursements after the beneficiary's death for a funeral.

_____ I have advised my client that federal law requires that all unspent amounts in the Beneficiary's sub-account at the Beneficiary's death must be used to reimburse the State for medical services received, unless the Donor chooses to leave a percentage of the funds for other beneficiaries of the Trust.

_____ There are no Texas Dept. of Aging & Disability Services Medicaid liens against the funds.
(contact #: 512/490-4680)

_____ There are no Texas Medicaid & Healthcare Partnership liens or claims against the funds.
(contact # 512/506-7546)

_____ There are no other liens or claims against the trust sub-account funds.

_____ I have advised my client that certain trusts may be subject to claims for some or all mental health and mental retardation services: however, there are statutes governing trust exemptions. These are Texas Health & Safety Code §534.0175 for community centers, TH&SC §552.018 for state operated MH facilities, and TH&SC §593.081 for state operated MR facilities. If the individual beneficiary is receiving Medicaid, then the individual's sub-account is not subject to charges for Medicaid-covered services.

_____ I have advised my client that, under 42 U.S.C. §1396(p)(c), certain transfers of assets for less than fair market value (including but not limited to the purchase of an annuity that will not pay back to the purchaser the amount paid for it) can result in a period of ineligibility for certain types of Medicaid, including long-term care Medicaid, home or community-based waiver services, home health care services, home and community care for functionally disabled elderly individuals, and personal care services; and I have further advised my client that the act of joining The Arc of Texas Master Pooled Trust is not considered such a transfer of assets for less than fair market value, but I have also advised my client that if such a transfer of assets for less than fair market value has occurred, as would be penalized under 42 U.S.C. §1396(p)(c), joining The Arc of Texas Master Pooled Trust will not avoid or mitigate the penalty period.
