What is Trust III?

Trust III is a Third Party Trust. Third Party Trust sub-accounts are typically funded by parents, other family or friends, who wish to set-aside money during their lifetime or at their death to the Beneficiary's Trust sub-account. Money may be left to the Beneficiary's Trust sub-account in a will or life insurance policy. The following language will help attorneys or life insurance agents properly reference The Arc of Texas Master Pooled Trust III.

If [name of Beneficiary] is living at my death, then [specify dollar amount or percentage] shall be delivered to The Arc of Texas, Inc. and paid to **The Arc of Texas Master Pooled Trust III, dated December 2, 2000** - for the benefit of [name of Beneficiary].

Trust III, a discretionary trust, allows for more flexibility (as compared to Trust I) while still protecting the Beneficiary's means-tested public benefits. This means that *if* appropriate, both basic support and supplemental payments may be paid with funds from the Beneficiary's sub-account.

What is the Master Pooled Trust?

The Master Pooled Trust is a program managed by The Arc of Texas consisting of four special needs master trusts. These four trusts are already drafted and meet the Social Security Administration and Texas Medicaid's requirements for a special needs trust. Any resident of the state of Texas who meets Social Security Administration's definition of an individual with a disability is eligible to join the MPT. Once enrolled in the MPT, this individual is known as the Beneficiary. **Remember: Trusts I, II, III and IV all protect means-tested public benefits, such as SSI and Medicaid.**

The money in each sub-account is pooled (combined) for purposes of investment. Beneficiaries only have access to their own sub-account funds (including pro-rata earnings). After the sub-account is funded, a four-digit sub-account number and tax ID number will be assigned.

Third Party Trusts		Self-Settled Trusts	
Trust I and Trust III are "Third Party Trusts" meaning the person putting money into the Trust is a <u>different person</u> than the individual with a disability.		Trust II and Trust IV are "Self-Settled Trusts" meaning the person putting money into the Trust is the <u>same person</u> as the individual with a disability.	
Trust I	Trust III	Trust II	Trust IV
Supplemental	Discretionary *Recommended	Supplemental	Discretionary *Recommended
May be established for a Beneficiary of any age without penalty to that Beneficiary's SSI or Medicaid.		Established for Beneficiaries under age 65. <i>If the Beneficiary is OVER age 65, a transfer of assets determination must be made by the Beneficiary's attorney because a penalty may be assessed by Texas Medicaid.</i>

Understanding the Distribution of the Remainder upon death of Beneficiary:

The Grantor must decide how any remaining funds in the sub-account will be distributed upon the Beneficiary's death. The Grantor's answer to this question on the Joinder Agreement III cannot be changed once the Trust III sub-account is funded. Remaining funds will be distributed first to the Trust's Remainder Share, followed by the Final Remainder Beneficiaries if any funds remain.

(1) The Trust's Remainder Share: The Trust's Remainder Share (section K.2.a.) is a separate sub-account within the MPT used for individuals with disabilities at the discretion of the MPT as defined in Trust III.

(2) Final Remainder Beneficiaries: The Final Remainder Beneficiaries (section (K.2.b.(i)-(v))) are the people or organizations chosen by the Grantor to receive any remaining funds from the deceased Beneficiary's Trust III sub-account.

Completing the Trust's Remainder Share (section K.2.a.)

The Grantor decides how much to leave to the Trust's Remainder Share, if any. Grantors can leave 0%, 100% or any percentage between 1% and 99%. If 100% is left to the Trust's Remainder Share, then all funds will be retained by the Trust and none will be distributed (paid) to Final Remainder Beneficiaries. In the example, the Grantor left 10% to the Trust's Remainder Share.

If the Grantor decides to leave less than 100% to the Trust's Remainder Share, the Grantor must complete the Final Remainder Beneficiaries section. The Grantor must write in the Final Remainder Beneficiaries section (K.2.b.(i)-(v)): the names, addresses, telephone numbers and chosen percentage of funds to be distributed to each person or organization. The chosen percentage of funds for the Trust's Remainder Share and all Final Remainder Beneficiaries (K.2.b.(i)-(v)) totaled together must equal 100%.

If the Grantor leaves 100% to the Trust's Remainder Share, the Grantor must write "None" in (K.2.b.(i)) and "100%" in Total of Percentages.

If the Grantor wishes to list more than five Final Remainder Beneficiaries or any Contingent Beneficiaries, include this information on a separate page titled "Schedule C" and write "see Schedule C" at (K.2.b.(i)).

Early Termination of the sub-account

The Grantor indicates (in this section of Joinder Agreement III) how funds will be distributed if early termination of the sub-account occurs. The Grantor should check only one option, or indicate a preference order of 1, 2, 3. If a will or life insurance policy will fund the sub-account, the Grantor should put a checkmark next to the last option.

Section K.2.

2. Distribution of Remainder upon death of Beneficiary:

(1) Trust's Remainder Share → Trust's Remainder Share: Please note what percentage of the Beneficiary's sub-account Remainder you elect to be maintained by the Trust. 10%

The Trust's Remainder Share will be used in the Trustee's discretion as follows:

a. Trust's Remainder Share: Please note what percentage of the Beneficiary's sub-account Remainder you elect to be maintained by the Trust.

a) for the benefit of other indigent Beneficiaries, (b) to add indigent disabled persons, as defined in 42 U.S.C. § 1382c(a)(3), to the Trust as Beneficiaries, or (c) to provide indigent disabled persons, as defined in 42 U.S.C. § 1382c(a)(3), with equipment, medication or services deemed suitable for such persons by the Trustee.

b. If funds remain after distributions to the Trust's Remainder Share list below the persons or entities that you would like to receive the funds:

Include name, address, and telephone numbers of each Final Remainder Beneficiary. Then, using only the amounts from persons (i-v) in Section 2B (this section), verify that ages add up to 100% of the remaining funds.

(2) Final Remainder Beneficiaries →

3. Early Termination of the sub-account. Article 12 of the Trust provides that under certain circumstances a sub-account (or the Trust) may be terminated prior to the Beneficiary's death. If the Beneficiary's sub-account is terminated before his or her death, the Manager will either distribute the sub-account's funds to the Beneficiary or on behalf of the Beneficiary unless the Manager is in its sole discretion deems such distribution to not be in the Beneficiary's best interests. If the manager deems such distribution not to be in the Beneficiary's best interest, how should the funds be distributed upon early termination of the Beneficiary's sub-account?
