**DISBURSEMENT REQUEST FORM** This form must be completed, signed and submitted by the Primary Representative each time funds are requested from the sub-account. This amount represents the sub-account’s shared portion of the pooled investment’s gains and/or losses for the quarter. See the sample quarterly statement in the SAMPLES SECTION.

Each Beneficiary’s sub-account has a corresponding Master Trust (Trust I, II, III or IV). Trusts I & III are established with a third party’s money. Roles & Responsibilities
Primary Representative’s Roles & Responsibilities

YOUR ROLE: As Primary Representative, your role is to be the main point of contact for the Beneficiary’s sub-account within the Master Pooled Trust on behalf of the Beneficiary. You may be the Beneficiary, a family member, friend, parent or guardian.

RESPONSIBILITIES: As the Primary Representative, you have several responsibilities. These responsibilities include, but are not limited to:

READ THE TOOLKIT:
• Most questions you may have regarding the Master Pooled Trust and managing the sub-account will be included in this Toolkit. The Primary Representative must read the entire Toolkit and acknowledge that they have received and read the Toolkit before any disbursement from the sub-account will be made.

UPDATE THE MASTER POOLED TRUST:
• The Primary Representative must make sure that the Master Pooled Trust is updated in every way regarding the Beneficiary, including their address, phone number, e-mail, type and amount of benefits, living situation and any other information that the Master Pooled Trust may need. This includes informing the Master Pooled Trust of a Beneficiary’s passing.
• As the Primary Representative, you must also update your own contact information with the Master Pooled Trust. The Contact Information Update Form (FORM C) should be used when updating contact information for the Primary Representative or the Beneficiary.

If you are experiencing a medical or mental health emergency, please call 911 or present to your nearest emergency room for evaluation and treatment.

The Arc of Texas can assist in finding additional resources but DOES NOT and CANNOT respond to emergency situations.
COMMUNICATION:

• The Master Pooled Trust’s main form of communication is e-mail. Inform the Master Pooled Trust in writing if you, as Primary Representative, prefer regular mail as your main form of communication.

• You will receive a survey once a year. The Master Pooled Trust asks that you complete the survey by the date indicated. The Master Pooled Trust reviews and analyzes the results to improve services.

• Respectful communication is required by all parties. Master Pooled Trust staff members are instructed to politely disconnect calls from any parties who use hostile or verbally abusive language or profanity. All threats will be taken seriously and future communication with The Arc of Texas may be limited. Repeat calls are discouraged as it delays the response time for a returned call.
**DISBURSEMENTS:**

- The Primary Representative is responsible for requesting disbursements, including signing and submitting the Disbursement Request Form *(FORM B)* WITH COPIES OF ALL RECEIPTS. As Primary Representative you will be notified of the outcome of any request by e-mail or regular mail, whichever is preferred.

- When the Primary Representative signs and sends in a Disbursement Request Form *(FORM B)*, you are acknowledging that all information provided on the form is accurate and the funds spent and requested are for the sole benefit of the Beneficiary. This means that the money cannot be used for **ANYONE ELSE**. Only the Beneficiary’s pro-rata portion of these types of purchases will be paid or reimbursed. *(e.g. shared furniture, appliances, family phone plans, etc.)*

- Texas law requires that all parents care for and support their minor children. The sub-account can help pay for things other than those which parents are required to provide. Requests for payment of clothing and education will be approved on a case-by-case basis at the sole discretion of the Master Pooled Trust.
SUB-ACCOUNT ACTIVITY INFORMATION:

- Each quarter, a quarterly statement will be sent to the Primary Representative through regular mail, typically at the end of the month following the close of the quarter (April, July, October, January). It is the Primary Representative’s responsibility to review these statements and report any discrepancies to the Master Pooled Trust as soon as possible. The Master Pooled Trust includes updates with these statements, so be sure to review all information sent from the Master Pooled Trust or the Trustee.

- The quarterly statement will include information about deposits, disbursements, fees and investment earnings/losses. See the SAMPLES SECTION for more information.

- Each year, the Master Pooled Trust will provide tax forms for each sub-account. The Primary Representative should receive these tax forms from the Trustee by the end of March the following year. The Primary Representative is responsible for ensuring that the information is provided to the Beneficiary and/or their tax professional each year. See the FEES, INVESTMENTS & TAXES SECTION for more information.
Reporting The Sub-Account

The establishment of a Master Pooled Trust sub-account with The Arc of Texas must be reported to the appropriate agencies by the Primary Representative, Beneficiary or other representative. It is not the responsibility of the Master Pooled Trust to report the establishment of a sub-account. If a Beneficiary is receiving benefits from the Social Security Administration and/or Medicaid, those entities must be informed that the sub-account was established.

With this Toolkit, you will find a binder clipped packet with several items that should be provided to the appropriate agency when reporting the sub-account. These items include:

1) Instructions for reporting the sub-account to the appropriate agency.
2) A letter stating that a sub-account has been established with the Master Pooled Trust for the Beneficiary. The Beneficiary or their representative should include contact information, sign the letter and provide it to the Social Security Administration, Medicaid or other appropriate agency. This contact information is required so the agency will be able to contact someone with any questions.
3) A copy of the Master Trust document.
4) A copy of the Joinder Agreement.
5) A letter from the Social Security Administration exempting the assets in the Master Pooled Trust.
6) An excerpt from the Texas Medicaid Handbook titled Master Pooled Trust and Medicaid Eligibility Information.

Keep Us Updated

It is the responsibility of the Primary Representative to ensure that the Master Pooled Trust has the most current information regarding the following:

1) Their own contact information.
2) The contact information for the Beneficiary.
3) The living situation and benefits status of the Beneficiary.

The Master Pooled Trust should be contacted as soon as possible when any change has occurred.

Primary Representative Change?
If the Primary Representative can no longer serve, an Alternate Representative must be appointed. Alternate Representatives for the sub-account may be found on the Joinder Agreement. If no Alternate Representatives remain, the Master Pooled Trust may use funds from the sub-account to determine the appropriate Primary Representative.

Guardianship or Power of Attorney Change?
If there is a change in guardianship or power of attorney, the Primary Representative must provide the new letters of guardianship issued by the court or submit a new power of attorney document to the Master Pooled Trust. No disbursement requests will be approved until these items are received by the Master Pooled Trust.

Beneficiary Relocating?
If a similar trust is operating in the state in which the Beneficiary has moved or is moving to and that trust is willing to accept the transfer, the Master Pooled Trust may choose to transfer the funds from the Master Pooled Trust to the other trust, as long as it is in the best interest of the Beneficiary and approved by the Primary Representative. If no other trust is available, then the Master Pooled Trust will continue to provide the Beneficiary the same services it provides to residents of Texas. However, there is no guarantee that any means tested benefits will be protected. In order for the Beneficiary to continue receiving benefits in the new state, the Master Pooled Trust must be approved by the appropriate agency in that state. For more information on other available trusts, contact the Master Pooled Trust.

Updating Information on the Joinder Agreement?
Contact the Master Pooled Trust to make updates to the Joinder Agreement.

No changes can be made to the final remainder beneficiaries once the sub-account is funded.

Parental Responsibilities

Parental Responsibility of Minor Beneficiaries.
Texas law requires that all parents care for and support their minor children. The sub-account can help pay for things other than those which parents are required to provide. Requests for payment of clothing and education will be approved on a case-by-case basis at the sole discretion of the Master Pooled Trust. The Master Pooled Trust is established to support the individual, not the entire family. Mileage and gas will not be reimbursed for travel to and from standard pediatric appointments and/or school.

The Master Pooled Trust understands that the needs of individuals with disabilities can vary and can often be costly. The Master Pooled Trust may help pay for items that are above and beyond general support for the minor, provided it is an allowable expense.

PARENTAL OBLIGATION TO SUPPORT
TEXAS FAMILY CODE CHAPTER § 151.001. RIGHTS AND DUTIES OF PARENT: Section (a) (3) a parent of a child has the duty to support the child, including providing the child with clothing, food, shelter, medical and dental care and education.

TEXAS ESTATES CODE § 1156.051. CERTAIN ALLOWANCES PROHIBITED WHEN PARENT IS GUARDIAN OF MINOR WARD.
(a) Except as provided by Subsection (b) of this section, a parent who is the guardian of the person of a ward who is 17 years of age or younger may not use the income or the corpus from the ward’s estate for the ward’s support, education or maintenance.
(b) A court with proper jurisdiction may authorize the guardian of the person to spend the income or the corpus from the ward’s estate to support, educate or maintain the ward if the guardian presents clear and convincing evidence to the court that the ward’s parents are unable without unreasonable hardship to pay for all of the expenses related to the ward’s support.

OTHER FEES
• Frequent Disbursement Request Fee: See the next page for more information.
• IRS Tax Preparation Fee: A fee for tax preparation for the sub-account. See page 35 for more information.
• Closing Fee: A $100 fee will be assessed upon closure of the sub-account.
• Annual Accounting Fee: For sub-accounts requiring annual accountings that are reported to the Court, the following fees will be assessed:
  1. $150 for accounts with twenty-four (24) disbursements or less in a year;
  2. $300 for accounts with more than twenty-four (24) disbursements in a year;
  3. Up to $500 for accounts with additional complexities, including supplementary requirements by the Court or items outside of the Trust that must be accounted for.
Frequent Disbursement Request Fee Policy

The Master Pooled Trust will assess a Frequent Disbursement Request Fee for a sub-account that has exceeded twenty-four (24) disbursement requests in a calendar year. Once twenty-five (25) disbursements have been requested, approved and disbursed in the calendar year, that sub-account is considered a “frequent user” and the Frequent Disbursement Request Fee of $12.50 per disbursement will be imposed for every disbursement request processed after the 24th disbursement in that calendar year.

The Frequent Disbursement Request Fee is assessed on a semi-annual basis (July and January) or when the sub-account is closed. A check will be disbursed from the sub-account payable to The Arc of Texas and a notification of the Frequent Disbursement Request Fee will be sent to the Primary Representative.

Suggestions for reducing the number of disbursements in a calendar year:
• Consolidating receipts/disbursement requests and requesting disbursements once a month.
• Arranging for several months of advanced payments for services such as cable, internet, cell phone, etc., rather than requesting payment each month.
• Arranging for automatic payments to be made payable to the same payee, for the same amount and on the same day each month.

As of July 2015, ALL SUB-ACCOUNTS are allowed twenty-four (24) disbursements in a calendar year.
Automatic Payments

Automatic payments may be established for a sub-account. These are payments made to the same payee, for the same amount on the same day each month. Automatic payments must fall between the 1st and the 28th of the month. To establish, change or cancel an automatic payment, complete an Automatic Payment Request Form (FORM H) thirty (30) days prior to the date that the payment should be started, changed or deleted. Submit the form to the Master Pooled Trust.

The Master Pooled Trust does not include automatic payments when calculating the total number of disbursement requests for a particular sub-account. **Automatic payments can only be changed twice in a calendar year,** any additional changes will be considered a disbursement request and will be included when calculating the Frequent Disbursement Request Fee.
Investments

Each Beneficiary has his or her own separate sub-account. For the purposes of investment, the money in each sub-account is pooled (combined). Pooling the assets may enable the financial institution, and therefore the sub-accounts, to earn a higher rate of return than would be possible if the sub-accounts were invested separately. The gains and/or losses are allocated proportionally according to the sub-account’s share of the pool. For example, a $1,000 sub-account balance in a $10,000 pool equals 1/10th of gains and/or losses of the pool. Those gains and/or losses are applied to the sub-account.

The Master Pooled Trust’s money is conservatively invested to preserve capital for as long as possible. Gains and/or losses are part of the Beneficiaries’ sub-account’s assets. The sub-account’s funds, like other investments, are not insured by the FDIC, are not bank guaranteed and may lose value. Each sub-account’s gains and/or losses can be tracked on the quarterly statements sent to the Primary Representative (April, July, October, January).
Taxes

Annual Tax Documents

The Arc of Texas strongly advises that the Beneficiary seek the guidance of a tax professional for questions regarding the completion of federal tax forms. Employees of The Arc of Texas are not tax advisors and do not provide tax or legal advice.

Grantor Letters: By the end of March each year, self-funded sub-accounts will receive a Grantor Letter in the mail. A Grantor Letter is an annual statement of the sub-account’s activity including income, deductions and credits. The Grantor Letter should be taken to a tax professional and filed with the Beneficiary’s tax return. For a sample Grantor Letter, see the SAMPLES SECTION.

Schedule K-1: Third party funded sub-accounts will receive a Schedule K-1 (Form 1041) in the mail. The numbers on the Schedule K-1 do not necessarily represent the amount of income paid to the Beneficiary. The amounts shown on the Schedule K-1 are the Beneficiary’s share of the Trust’s income, deductions and credits incurred during the previous year. The amounts may differ from the funds actually disbursed during the year, due to a number of factors including the allocation of fees or other deductions, exclusion of tax exempt income, or a difference between the Beneficiary’s taxable year and that of the Trust. If no funds were disbursed, a Schedule K-1 will still be mailed, but will include zeros and blanks. For a sample Schedule K-1, see the SAMPLES SECTION.

The Master Pooled Trust will make every attempt to mail the tax forms by April 1st of the following tax year to the Primary Representative’s address on file. Regardless of the type of sub-account, any funds reported on a Grantor Letter or Schedule K-1 should be filed with the BENEFICIARY’S tax return. It is the responsibility of the Beneficiary or their appropriate representative to file the necessary tax documents within the rules and regulations of the Internal Revenue Code.
1099-MISC: If the sub-account made a disbursement to a service provider, the Master Pooled Trust will mail a 1099-MISC form to report miscellaneous income to the service provider. The Master Pooled Trust also reports the miscellaneous income to the IRS. The 1099-MISC form will be mailed by January 31st of the following tax year to the service provider's address on file. It is the responsibility of the service provider to use this form to file all federal tax documents as required by the Internal Revenue Code.

IRS Tax Preparation Fees: A fee for preparing the Grantor Letter, Schedule K-1 and any 1099-MISC forms are included in the IRS Tax Preparation Fee that is deducted from the sub-account. This fee can be found on the quarterly statement for the second quarter each year (July).
Budgeting
Budgeting

Each sub-account is unique. The amount of money in the sub-account and the needs of each Beneficiary are different. The Primary Representative and the Beneficiary should discuss the Beneficiary’s situation and plan accordingly to make the best use of the money in the sub-account.

The Master Pooled Trust will work with the Primary Representative and Beneficiary to make sensible disbursements using the sub-account funds wisely, setting priorities, identifying cost-effective options and maximizing the benefit of each disbursement request. Every disbursement request warrants a review of past and future disbursements.

PREPARING A BUDGET

When completing the Lifetime and Monthly Budgets for the sub-account, keep in mind how you want to use the sub-account and how long you want the sub-account to last. These budgets will give the Master Pooled Trust an idea of what disbursement requests may be approved.

Visit www.thearcoftexas.org/trust-forms to find blank, customizable templates of our Lifetime and Monthly Budgets ready for use.

LIFETIME BUDGET

A sub-account can last for one year, ten years or longer depending on how much money is contributed and how fast it is disbursed. What seems like a large amount of money can feel like a small amount of money when it is spent very quickly. To help illustrate this concept, the Master Pooled Trust has created a sample Lifetime Budget. There are two initial contribution amounts and two rates of spending.

Use these sample budgets as a TOOL to:

• Determine how long the funds for the Beneficiary may last.
• Decide whether to make a large purchase or, instead, prolong the use of the sub-account.
• Compare different amounts and types of expenses.

Reminders!

HIGH SPENDING DISCLAIMER
• The “High Spending” budget is NOT a recommendation. It is included here to show how quickly funds will run out if these types of purchases are made and this kind of spending occurs. For some Beneficiaries, it is favorable to use their sub-account funds this way; however, for others it is better to follow the “Low Spending” budget.

EARNINGS
• The sub-account funds are invested by the financial institution. Earnings (gains or losses) are not included in these sample budgets because they will vary depending on the sub-account balance and fluctuations of the market. Quarterly statements will show the sub-account earnings.

ANNUAL MAINTENANCE FEE
• The Annual Maintenance Fee may be higher or lower depending on the balance of the sub-account. The Annual Maintenance Fee amount will change as the sub-account balance changes. See the FEES SECTION to calculate the Annual Maintenance Fee for the sub-account balance.

SOLE BENEFIT RULE
• The Social Security Administration requires that any payment made from the sub-account must be for the SOLE BENEFIT of the Beneficiary. This means that the Master Pooled Trust cannot pay for items or services that benefit anyone other than the Beneficiary (e.g. furniture for the whole family or entire family cell phone plans). To comply with this rule, payments for household expenses must be for only the Beneficiary’s portion of those expenses.

PARENTAL RESPONSIBILITY
• Texas law requires parents to care for their minor children. This includes providing food, shelter, clothing and education. See PARENTAL RESPONSIBILITIES on page 18 for more information.

FOOD, SHELTER AND SSI BENEFITS
• If the Beneficiary is receiving SSI benefits, the sub-account cannot buy food or pay for shelter items (e.g. rent, utilities, property taxes) without affecting the Beneficiary’s SSI benefits.
**MONTHLY BUDGET...**

A Monthly Budget shows a better picture of how money from the sub-account and other sources will work together to support the Beneficiary. An accurate budget will also help individuals and their representatives gain understanding of which items or services may or may not be afforded within their budget.

*Use this sample budget as a TOOL to:*

- **Estimate how much can be spent each month on specific needs.**
- **Understand what funds should be used for what items (e.g. SSI/SSDI should be used for rent and food while sub-account funds may be used for cell phone, internet and cable).**

Disbursements
Requesting Disbursements

The Master Pooled Trust requires a ten (10) day processing period after the Joinder Agreement is approved and the first contribution is received before the first disbursement can be requested.

Disbursement Request Forms *(FORM B)* can be found on the Master Pooled Trust website ([www.thearcoftexas.org/trust-forms](http://www.thearcoftexas.org/trust-forms)). Refer to the FORMS SECTION for a blank Disbursement Request Form that can be copied. Be sure NOT to use the form included in the Toolkit. Refer to the SAMPLES SECTION for a completed example of a Disbursement Request Form.

Disbursement Request Timeline

1. **Primary Representative Sends in a Disbursement Request Form**
   - Use the step-by-step instructions beginning on Page (57) to complete a Disbursement Request Form.
   - Send completed Disbursement Request Forms *(FORM B)* along with proper documentation *(e.g. receipts, invoice, estimate, proof of purchase, etc.)* to the Master Pooled Trust via e-mail, fax, mail or online.

2. **Master Pooled Trust Processes**
   - The Master Pooled Trust Coordinators will review each disbursement request.
   - All requests undergo a review process and will be approved at the sole discretion of the Master Pooled Trust.
   - If more information is needed, the disbursement request will not be presented for approval and the Coordinator will contact the Primary Representative for more information.

3. **Bank Processes**
   - The Master Pooled Trust will send all approved disbursement requests to the financial institution to be processed the following business day.
   - The financial institution will process the request by issuing a check or initiating the direct deposit disbursement.
   - The Master Pooled Trust must have a completed Disbursement Direct Deposit Authorization Form *(FORM G)* on file in order to process a direct deposit.

4. **The Money is Received**
   - Check disbursements should be received within 7-10 days after bank processing.
   - Direct deposit disbursements should be received within 1-3 business days after bank processing.
   - When inquiring about the status of payment for a disbursement request, do not contact your Coordinator until AFTER the time indicated above has passed.
General Guidelines for Sub-Account Disbursements

Receipts

1. ALL disbursement requests submitted to the Master Pooled Trust **MUST** include RECEIPTS, ESTIMATES OR PROOFS OF PURCHASE.
   a. **SEND COPIES ONLY!** No original receipts, invoices, estimates or proofs of purchase should be sent to the Master Pooled Trust.
   b. ALL DOCUMENTS must be legible WHEN RECEIVED by the Master Pooled Trust.
   c. No documents will be returned.
2. For advanced funds, an estimate or invoice must be presented to the Master Pooled Trust with the Disbursement Request Form *(FORM B).*
3. DO NOT SEND original payment stubs, order forms or payment envelopes. The Master Pooled Trust will NOT forward or return these. Make a copy and keep originals for your records.
4. When using credit cards as a payment option for purchasing items or services for a Beneficiary, a copy of the credit card statement is **NOT** sufficient when sending in a Disbursement Request Form *(FORM B).* RECEIPTS for items or services on the credit card statement must be sent to the Master Pooled Trust.

**Special Requests**

Frequency of any special requests listed below, including luxury items and their cost will be considered and approved by the Master Pooled Trust on a case-by-case basis. Special requests require additional time for the Master Pooled Trust to review. Special requests may also result in a denial or reduction of the disbursement request.

For long-term planning and budgeting purposes, The Master Pooled Trust takes into consideration that each request is a practical use of funds to best serve the Beneficiary. **DO NOT** purchase any item or service that costs a large sum of money until you have contacted the Master Pooled Trust and received advanced authorization or approval.

1. **Vehicles and Vehicle Modifications:** A Vehicle Purchase Request Form *(FORM I)* must be completed, submitted and approved by the Master Pooled Trust prior to purchasing a vehicle. The Master Pooled Trust requires, at a minimum, that the following supporting documentation be submitted with the Vehicle Purchase Request Form when preparing to purchase a vehicle: **Vehicle CARFAX History Report, Driver Insurance Policy, Buyer’s Order, Driver Driver’s License and Current Vehicle Registration.** The Master Pooled Trust may request additional supporting documentation or information. Once the Vehicle Purchase Request Form has been approved and the Master Pooled Trust has paid for the vehicle, The Arc of Texas will hold a lien on the vehicle. The vehicle may **NOT** be traded in or sold for a minimum of at least five (5) years. The Master Pooled Trust asks that these things be taken into consideration when choosing to purchase a vehicle.

   *Requests for modifications to currently owned vehicles are approved on a case-by-case basis. Contact the Master Pooled Trust for more information.*

2. **Home Improvements:** Requested disbursements for home improvements require pre-approval by the Master Pooled Trust. The Master Pooled Trust will review the disbursement request for determination of sole benefit, ownership of the property, home improvement estimates, credentials of the contractor, necessary permits, any taxes owed, liens or loans on the property and other considerations before the disbursement request may be approved.
3. **Vacations**: Require advance authorization through the Travel Request Form (*FORM J*) found in the FORMS SECTION. Some items or services cannot be paid for by the Master Pooled Trust. However, certain expenses may be paid for a support person or aide to travel with Beneficiary. Contact the Master Pooled Trust for more information.

4. **Home Purchase**: Contact the Master Pooled Trust for information about home purchases. Homes will not be purchased for minors without special consideration.

5. **High Dollar Medical Procedures and Medical Equipment**: Advanced notice and approval by the Master Pooled Trust is required before any disbursement will be made for any high dollar medical procedures or medical equipment. This includes, but is not limited to: elective surgeries, elective procedures, hospital bed and wheelchair purchases.

---

**Things to Consider**

1. The Master Pooled Trust has the final decision in approval of all disbursement requests. **NOT ALL DISBURSEMENT REQUESTS WILL BE APPROVED.**

2. Complicated or high dollar amount disbursement requests will take additional time for the Master Pooled Trust to review.

3. Timely submission of Disbursement Request Forms is required. The Master Pooled Trust will only consider disbursement requests for expenditures within the previous **twelve (12) months**. Expenses that pre-date the establishment of the sub-account typically do not qualify for disbursement.

4. **Frequent Disbursement Request Fees**: If more than twenty-four (24) disbursements are requested in a calendar year, the sub-account will be charged a Frequent Disbursement Request Fee. **See the FEES SECTION for more information.**

---

**Denied or Reduced Disbursement Requests**

1. If a disbursement request is denied or reduced, the Master Pooled Trust will notify the Primary Representative of the reason for the denial or reduction.

2. If the disbursement request brings the sub-account below a $300 balance, the disbursement request amount may be reduced or the sub-account may be closed.

3. Denied or reduced disbursement requests may be appealed.
   a. An appeal must be made in writing by the Primary Representative to the Master Pooled Trust Committee.
   b. If the Master Pooled Trust Committee denies the appeal, the Primary Representative can appeal to The Arc of Texas’ Board of Directors. The Board of Directors decision is final.
Payment Options

There are several payment options for reimbursement or payment for approved items or services purchased on behalf of the Beneficiary. Beneficiaries will only be paid/reimbursed in certain circumstances. The Master Pooled Trust is unable to pay or receive funds through Money Transfer Apps (e.g. Venmo, PayPal, Zelle) or a mobile wallet (e.g. Apple Pay, Google Pay).

Include the following information on the Disbursement Request Form (FORM B) for each payment option:

1. Business/Individual: Name, address, phone number.
2. Credit Cards: Name of the credit card company, account number and address.
3. True Link: Name on the True Link Card and last four (4) digits of card number.

**HOW TO RECEIVE FUNDS AND/OR PAY FOR ITEMS OR SERVICES**

**CHECK:** Include payee name, address and phone number.

**DIRECT DEPOSIT:** Completion of the Disbursement Direct Deposit Authorization Form (FORM G) is required if payments are being made from a sub-account to an individual’s bank account. Refer to the FORMS SECTION for a Disbursement Direct Deposit Authorization Form (FORM G).

**AUTOMATIC PAYMENT:** Can be set up from the Beneficiary’s sub-account for items and/or services that need to be paid on a regular basis to reduce the number of disbursement requests in a year (FORM H).

**TRUE LINK:** A specialized Visa card that is an efficient, secure way for Beneficiaries to pay for items or services with funds from their sub-account while still remaining eligible for benefits. Refer to the FORMS SECTION for a True Link Card Request Form (FORM K).
What forms should I complete?

Different requests require different forms! Make sure to review and select which form is appropriate for your disbursement request. Incorrect forms will be returned to the Primary Representative and will delay processing of the disbursement request.

**DISBURSEMENT REQUEST FORM (FORM B)**
Use this form each time when requesting payment or reimbursement for all items or services. This includes all general requests that are not automatic payments. Travel and vehicle purchase requests require additional forms to be completed. For the form, see the FORMS SECTION.

**DISBURSEMENT DIRECT DEPOSIT AUTHORIZATION FORM (FORM G)**
Use this form to receive funds via direct deposit. A copy of a voided check, direct deposit form or a bank letter is required by the Master Pooled Trust. The bank letter must include the bank name, account name, routing number and bank account number. For the Disbursement Direct Deposit Authorization Form, see the FORMS SECTION.
AUTOMATIC PAYMENT REQUEST FORM (FORM H)
Use this form to start, change or cancel an automatic payment to be withdrawn from the Beneficiary’s sub-account. Automatic payments must be made payable to the SAME PAYEE for the SAME AMOUNT on the SAME DAY each month. For the form, see the FORMS SECTION.

VEHICLE PURCHASE REQUEST FORM (FORM I)
Use this form when requesting to purchase a vehicle for daily use. DO NOT purchase a recreational vehicle (e.g. boat, ATV). DO NOT purchase a vehicle without prior-approval from the Master Pooled Trust. DO NOT take possession of the vehicle before payment has been received by the seller. For the form, see the FORMS SECTION.

TRAVEL REQUEST FORM (FORM J)
Use this form for all travel requests. All travel should be PRE-APPROVED by the Master Pooled Trust at least thirty (30) days in advance of the desired travel date. Follow the instructions as outlined on (FORM J). For travel approval or for travel funds to be advanced, the Travel Request Form (FORM J) must be completed on both sides and submitted to the Master Pooled Trust. If a travel advance is not requested and a disbursement of funds is needed after the travel is complete, fill out a Disbursement Request Form (FORM B). For the form, see the FORMS SECTION.

Updated 5/1/2022

A confirmation will be sent to the Primary Representative once the Disbursement Request Form (FORM B) has been approved and notification is provided to the financial institution to initiate the disbursement.

By signing this, the Primary Representative acknowledges that the Disbursement Request Form (FORM B) is accurate and the items and/or services purchased are for the sole benefit of the Beneficiary.

Date of signature.
Remember!

A Disbursement Request Form (FORM B) must always be accompanied by documentation of the requested items and/or services that are purchased (e.g. copies of receipts, invoice, estimate, proof of purchase, etc.). DO NOT SEND ORIGINAL accompanied documentation as these items are not retained by the Master Pooled Trust! See the FORMS & SAMPLES SECTIONS.

The Social Security Administration and Texas Medicaid do not allow the sub-account to pay for food for Beneficiaries who are receiving Supplemental Security Income (SSI) and/or Medicaid without penalty.

Food includes ANY food purchased for the Beneficiary. This includes restaurants, groceries, snacks or alcohol.

The Social Security Administration and Texas Medicaid do not allow the sub-account to pay for shelter for Beneficiaries who are receiving Supplemental Security Income (SSI) and/or Medicaid without penalty.

Shelter includes: rent, mortgage payments, real property taxes, heating fuel, natural gas, electricity, water, waste water and trash.

Sole Benefit Rule: Any payment that is made from the sub-account must be for the SOLE BENEFIT of the Beneficiary. This means that the sub-account cannot pay for items or services that benefit anyone other than the Beneficiary. The sub-account is established to support the Beneficiary, not the entire family. This includes children of the Beneficiary.

Parental Responsibility: Texas law requires that parents care for and support their minor children. This includes payment of clothing, food, shelter and education. The sub-account can help pay for things other than those which parents are required to provide.

When mailing a Disbursement Request Form (FORM B), DO NOT SEND the following: original payment stubs, order forms or payment envelopes. The Master Pooled Trust will NOT forward or return these. Make a copy of the Disbursement Request Form (FORM B) and accompanying documents, then keep the originals for your records.
**True Link Cards**

True Link Cards are pre-paid Visa cards funded by the sub-account that allow the True Link cardholder access to funds for CERTAIN items. These pre-paid cards have been approved by SSA, so long as The Arc of Texas determines the categories for which a card can be used.

The cardholder may not get cash back from these cards. The cardholder **MAY NOT purchase food, or pay rent, mortgage or utilities** with the card. The cardholder may only purchase items that have been submitted through a Disbursement Request Form (FORM B). To request a True Link Card, complete the True Link Card Request Form (FORM K) found in the FORMS SECTION in this Toolkit.

The Primary Representative and the cardholder are responsible for providing receipts to document all purchases. A True Link Card is a privilege and not a right. Should the cardholder misuse a True Link Card, including not providing receipts or use funds for items not requested, the card may be revoked. A monthly fee of $7 per month will automatically be deducted from the balance of the True Link Card.

**Automatic Payments**

Automatic recurring payments may be established for a sub-account. These are payments to the **SAME PAYEE** for the **SAME AMOUNT** on the **SAME DAY** each month. An Automatic Payment Request Form (FORM H) **MUST BE COMPLETED and SUBMITTED** to the Master Pooled Trust thirty (30) days prior to date the payment should be started, changed or canceled. **For the form, see the FORMS SECTION. Automatic payments must fall between the 1st and the 28th of the month.**

Automatic payments can only be **changed twice** in a calendar year. Any additional changes will be considered a disbursement request and will be included when calculating the Frequent Disbursement Request Fee.
Closing Sub-Accounts
The Master Pooled Trust is an irrevocable Trust. The only way the Master Pooled Trust sub-account for a Beneficiary can be closed is upon the death of the Beneficiary or if the balance of the sub-account falls below the required minimum balance of $300 and no additional contribution is expected or received. No enrollment fee will be charged if the sub-account is re-opened within two (2) years of closing.
Death of a Beneficiary

Notification and Death Certificate: Upon the death of the Beneficiary, The Primary Representative should notify The Master Pooled Trust within thirty (30) days, if not sooner. In order to close out the sub-account, a copy of the death certificate must be submitted to the Master Pooled Trust as soon as possible. Once the Master Pooled Trust receives the death certificate, the closing process will begin. This process can take anywhere from six (6) weeks to six (6) months from the date the death certificate was received by the Master Pooled Trust.

Other Important Considerations

Funeral Expenses: The only way to guarantee that funds are available to pay for the Beneficiary’s funeral is to pre-pay for the funeral arrangements. See the LAST THINGS FIRST SECTION for more information.

Payments after death: Any funds expended after the death of the Beneficiary may not be reimbursed. Funds expended prior to Beneficiary’s death will be reviewed and a determination will be made by the Master Pooled Trust. Expenses must be reported to the Master Pooled Trust within thirty (30) days of the Beneficiary’s death.

MEDICAID PAYBACK PROVISION (Trusts II or IV): Funds left in the Beneficiary’s sub-account at the time of the Beneficiary’s death will be processed according to the Joinder Agreement. This looks different for each sub-account.

- At the time of the Beneficiary’s death, if the Beneficiary has a Trust II or IV and is receiving Medicaid now or has received Medicaid at any time in the past, the Master Pooled Trust must notify all states where the Beneficiary received services and request a list of all payments made on the Beneficiary’s behalf during their lifetime. This list indicates what is owed to the state(s) by the sub-account. It can take up to three (3) months for the Master Pooled Trust to receive the list(s) of what is owed.

- The Master Pooled Trust may retain funds as outlined in the Joinder Agreement prior to repaying Medicaid.

- When the final list of amount(s) owed to the state(s) is received, the amount is compared to the balance in the sub-account and processed according to the Joinder Agreement. If the amount owed to the state(s) is less than the balance of the sub-account, the Master Pooled Trust must first send the state(s) the amount they are owed, then any remaining balance will be distributed to the Final Remainder Beneficiaries listed on the Joinder Agreement.

MEDICAID LIEN: The Beneficiary may have had a Medicaid lien that was satisfied at the conclusion of a court proceeding prior to setting up the Master Pooled Trust sub-account. That lien amount only pertains to money spent by Medicaid related to that court proceeding. Medicaid may have spent additional money for care before, during or after that court proceeding has concluded. Any additional money not related to the court proceeding that is spent on behalf of the Beneficiary will be in the list of payments requested by the Master Pooled Trust. These additional unrelated paid expenses must be repaid through the Medicaid Payback Provision mentioned above. For questions on this process, contact the Master Pooled Trust at 1-800-252-9729 or trust@thearcoftexas.org.
Last Things First
Planning funeral arrangements is never an easy thing to do. However, it is necessary and that is why the Master Pooled Trust recommends that you consider the last things first and prepare for final arrangements when the sub-account is established for the Beneficiary.
Preparing Final Arrangements

The only way to guarantee the Beneficiary’s funeral or burial expenses are paid for is by making arrangements PRIOR to the Beneficiary’s death.

Funds in the sub-account at the time of the Beneficiary’s death will not be readily available to pay for funeral arrangements, if at all. The Master Pooled Trust encourages all Beneficiaries to appropriately set aside money for funeral costs PRIOR to the Beneficiary’s death with funds from their sub-account. If the Beneficiary receives Medicaid, a way to guarantee that funds are available to pay for the funeral is to pre-pay by setting up an irrevocable burial plan or contract through a local funeral home.

It is the responsibility of the Beneficiary, their family or loved ones to make funeral arrangements PRIOR to the Beneficiary’s death. Money from the Beneficiary’s sub-account may be used to establish a burial plan.

1) Contact a funeral home or other provider in your area.
2) Determine a budget you would like to use for the Beneficiary’s pre-paid arrangements.
3) Discuss with the provider your choices and determine the appropriate selections for your situation (funeral, burial, cremation etc.).
4) Ask what additional cemetery costs or burial options may be incurred that are not included in the pre-paid plan and find out if these can be included (e.g. opening and closing of the casket, death certificates, obituary, etc.). Know that funds for these additional items will not be available from the sub-account after the Beneficiary has passed away.

To complete the final arrangement process, purchase an irrevocable burial plan or contract and submit a completed Disbursement Request Form (FORM B) to the Master Pooled Trust for payment PRIOR to the passing of the Beneficiary. Contact the Master Pooled Trust with any questions.

FUNERAL ARRANGEMENTS FOR THE BENEFICIARY MUST BE PRE-PAID.

The Primary Representative must complete and return the Acknowledgement of Policies Form (FORM A) to the Master Pooled Trust before any disbursement requests will be approved.

10) Is a contribution to the sub-account tax deductible?
    • NO. See your certified tax professional for tax advice.

11) What is the minimum amount I can start the account with?
    • It is strongly recommended that the initial contribution be more than $500. There is no minimum amount required to fund the sub-account, however maintaining a sub-account balance of $300 will prevent a depletion and closure of the sub-account due to yearly administrative fees.
    • There is no maximum amount that can be contributed to a sub-account.

12) How quickly will the contribution be available?
    • Allow 10 days from notification of deposit for the funds to be available.
FEES

13) Are there fees on the sub-account?
- YES! For FUNDED sub-accounts, there is a minimum Annual Maintenance Fee of $300 (That is $25 a month, or $75 a quarter).
- There is an IRS Tax Preparation Fee each year that is assessed in the 2nd quarter and deducted from the sub-account.
- See the FEES SECTION for the full fee schedule to determine an estimated fee for your sub-account.

14) What are Frequent Disbursement Request Fees?
- Each sub-account may request twenty-four (24) disbursements in a calendar year. Once twenty-five (25) disbursements have been requested and disbursed in the calendar year, that sub-account is considered a “frequent user” and the Frequent Disbursement Request Fee of $12.50 per disbursement will be imposed for every disbursement request processed after the 24th disbursement in that calendar year. See the FEES SECTION for more information.
- Consolidating disbursement requests, making advanced payments for services and automatic payments are suggested ways to reduce the number of disbursement requests.

INVESTMENTS

15) Can I choose where the sub-account funds are invested?
- NO. The Master Pooled Trust’s financial institution as well as The Arc of Texas Finance & Operations Committee oversee all investments. Funds are invested conservatively in stocks, bonds, cash, etc.
- All earnings or losses are allocated proportionally to all sub-accounts.

16) Are the funds FDIC insured?
- NO. The sub-account funds, like other investments, are not insured by the FDIC, are not bank guaranteed and may lose value.
- There is no guarantee that the money will grow or be secure, but our conservative investment strategy allows for changes to be made quickly to alleviate possible losses.

17) How do I monitor the gains or losses on the sub-account?
- Each sub-account’s gains or losses can be tracked on the quarterly statements mailed to the Primary Representative (April, July, October, January).
TAXES

18) How do taxes work with the sub-account?
   • The Master Pooled Trust strongly advises that the Beneficiary seek the guidance of a tax professional for questions regarding the completion of federal tax forms.
   • Employees of The Arc of Texas are not tax advisors and do not provide tax or legal advice. See the FEES, INVESTMENTS & TAXES SECTION for more information.

19) Can you refer me to a tax professional?
   • No. The Master Pooled Trust does not provide referrals.
   • Visit https://www.tsbpa.texas.gov/php/fpl/indlookup.php for information on a Certified Public Accountant in your area.

20) Is the Grantor or Beneficiary responsible for the taxes?
   • The Beneficiary is responsible for the taxes in relation to the sub-account. Regardless of the type of sub-account, any funds reported on a Grantor Letter or Schedule K-1 should be filed with the BENEFICIARY’S tax return. See a sample Grantor Letter or Schedule K-1 in the SAMPLES SECTION.

21) When will I receive my tax forms?
   • The Master Pooled Trust will make every attempt to mail the tax forms by April 1st of the following tax year to the Primary Representative’s address on file.
   • If the sub-account made a disbursement to a service provider, the Master Pooled Trust will mail a 1099-MISC form to report miscellaneous income to the service provider. The forms will be mailed by January 31st of the following tax year to the service provider’s address on file.

22) Is a contribution to the sub-account tax deductible?
   • NO. See your certified tax professional for tax advice.

- To set up a direct deposit, a Disbursement Direct Deposit Authorization Form *(FORM G)* must be completed or be on file with the Master Pooled Trust for each account where funds will be direct deposited to.
- The Disbursement Direct Deposit Authorization Form *(FORM G)* must be sent to the Master Pooled Trust where it is kept on file. See the DISBURSEMENTS SECTION for more information.

**28) Can the Beneficiary directly receive funds?**

- NO! The Social Security Administration and Texas Medicaid count any funds provided directly to the Beneficiary as income. This includes funds paid directly to a minor Beneficiary’s parent or guardian.
- Income to the Beneficiary can disqualify them from receiving government benefits.
- The Master Pooled Trust’s policy does not allow for disbursements to be made to the Beneficiary or to a minor Beneficiary’s parent or guardian.
29) Do I need to keep my receipts?
• YES! You must keep original receipts and provide copies of the receipts or proofs of purchase to the Master Pooled Trust for each disbursement request.
• If receipts, estimates, invoices or proofs of purchase are not provided, no funds will be disbursed.
• DO NOT SEND ORIGINALS! Make copies. All documents must be LEGIBLE AND THE RECEIPT DATES MUST BE VISIBLE WHEN RECEIVED BY THE MASTER POOLED TRUST.

30) How do I purchase a vehicle?
• In order to purchase a vehicle, submit the Vehicle Purchase Request Form (FORM J) to the Master Pooled Trust PRIOR to purchasing. All required documentation must be included with the form.
• Vehicle purchases MUST be approved by the Master Pooled Trust before taking possession of the vehicle.
• The Vehicle Purchase Request Form (FORM J) can be found in the FORMS SECTION in this Toolkit.

31) Can the sub-account purchase a home?
• IT DEPENDS! Contact the Master Pooled Trust for more information.
• Homes will not be purchased without special consideration.

TRUE LINK CARD
32) What is a True Link Card?
• True Link Cards are pre-paid Visa cards funded by the sub-account that allow the True Link cardholder access to funds for CERTAIN items. The cardholder may not get cash back from these cards. The cardholder may not purchase food, or pay rent, mortgage or utilities with the card. The cardholder may only purchase items that have been requested through a Disbursement Request Form (FORM B).
• Should the cardholder misuse a True Link Card, the card may be revoked.

• The Disbursement Request Form (FORM B) will be reviewed and approved according to the procedures found in the DISBURSEMENTS SECTION in this Toolkit.
